
The mission of PCC is to be a healing place meeting the varied and changing mental health needs of Southern Maryland through professional affordable counseling, consultation and education from a Christian perspective effectively networking faith based communities and mental health.

The vision of PCC is to be the leader in providing professional, affordable counseling, consultation and education from a Christian perspective, effectively bringing together the mental health and faith-based communities to meet the varied and changing mental health needs of our community.

The Values Perspective of PCC provides families, couples and children a unique form of therapy using spiritual resources and psychological understanding at an affordable cost to bring healing, growth and new ways of dealing with relationships and life situations to our clients.

We are:
... a listening ear
... a caring presence
